Give your Customers What They Need

AirTurn's line of wireless controllers and portable tablet/mic stands have taken the market by storm and are sold in over 85 countries. It is time for you to take advantage of this trend and start selling into the digital musician market place.

Supporting 100's of apps, for music, lyrics, DSP, DAW, MIDI Lighting and more, AirTurn is an essential part of every musicians gig bag.

When you sell an AirTurn product you make your customers life better and easier. Be their hero today with a whole category of solutions to hold and control their tablet.

AirTurn portable tablet holders and accessories can solve dozens of customer performance needs and take up less space both on stage and in their backpack.
